SET PERFORMION

GENERAL

Art. no.:	SET-312-15-M/XXL	E-class number:	40-02-92-01
EAN:	4030281222736	Customs no.:	63079098

Data sheet

SET PERFORMION

The SET PERFORMION is the perfect standard equipment for all work at height. With the IGNITE TRION you get one of the most high-performance harnesses from the SKYLOTEC brand: Anatomical fit, click-locks and hip pads are just a few of the advantages that this belt displays.

With the BFD Y BAND Y-lanyard, the ERGOGRIP guy rope for work positioning or the SKN BAND SK11 guided fall arrester, they are ideally equipped for all work. A BANDSCHLINGE (sling) completes the set. All components are packaged in the supplied ROPEBAG and so can be transported practically to the place of use.
